The Community Preschool at Pennsylvania School for the Deaf is a play-based program for hearing children ages 3-5. Our unique cultural-academic immersion curriculum builds a love for learning by pairing hearing children classrooms with Deaf and hard of hearing classrooms creating an authentic bilingual learning environment!

We look forward to showing you our beautiful school and sharing information about our play-based learning environment. After a brief presentation you will have the opportunity to walk through the school, visit classroom, and have your questions answered.

See you there!
